

# PLAY DOUGH

## RECIPE

6 cups of boiling water  
2 tablespoons of Cream of Tartar  
food colouring  
2 cups of salt  
8 tablespoons of oil  
about 8 cups of flour

Mix everything together except the flour. Then add the flour slowly until the mixture is no longer sticky. Once cooled it is ready to use. When you have finished, store it in an airtight container and when you want to use it again you can soften it with a little water.
