

Word Problem 1

Use the information about the bike and skateboards to solve the question

For a reminder of how to solve the problem follow the TVNZ On Demand link on

<https://suzy.co.nz/sw-homelearning/>

The second hand store has bikes and skateboards for sale. There are a total of 6 ride ons, and they have a total of 16 wheels.
How many bikes and how many skateboards are there?
